persons present from the county. Communion services will be held in the Lutheran Church on Sunday morning at 11 A. M.

Preaching by Rev. Dr. Smeltzer. A light frost was seen here since our last issue. Vory little injury was done to vegeta-

tion. Mr. George, County Auditor, will commence to take returns, from June 1st to July 20th. See his advertisement.

McGowan Greenwood, colored, has been committed to jail by Trial Justice Cibson, on the charged of stealing clothing, &c., from Ben. Brown, colored.

We have had rain and cool, cloudy weather for several days. Just such weather, we are informed, as gives cotton the "sore shin." Oh for the beautiful sunshine, the singing birds and the parade of the butterfly brigade!

The rust in wheat is general throughout the county. In some places farmers are plowing it up and planting corn. Early onts are looking fine.

There will be a dime reading in Adger College on Friday evening next, for the purpose of raising funds to build a new fence around the Presbyterian Church. We hope there will be a large attendance.

We regret to learn that Mr. George Killian, one of our oldest and most respectable citizens, died at his residence in Chatuga Township on Saturday night last, in the 80th year of his age. Mr. Killian was a native of North Carolina, but had been a resident of this section for many years.

The Republican State Conventions held have appointed delegates who will vote at Chicago as follows: For Grant, 271; Blaine, 104; Sherman, 61; Edmunds, 34; Washburne, 8. The total vote of the convention will be 756.

We are just in receipt of a large lot of Simmons' Hepatic Compound, the liver monarch of the South. We sp cially recommend this medicine as the best liver cure that can be had, and in preference to Simmons' liver regulator. The bottles are nearly twice the size and sell for the same price. A large lot of drugs also received. R. E. NORMAN & BRO.

Mr. Green, near Seneca City, has a contract with parties in Boston for furnishing timber for making shuttles. Dogwood is the timber used and is sawed by Mr. Green in convenient shape for shipping over the Air Line. The timber of this region is valuable and we are glad to see that it is being utilized. If our industries were more varied our prosperity would be sooner

Mr. G. A. Jacobs, the handsome Mayor of l'ichlands, N. C., has been in town this week. He reports a "cold snap" for that region the last few days. We are pleased to learn from Mr. Jacobs that the town of Highlands is improving, both in the erection of new buildings and the gradual increase of the population. Highlands is in the "Beautiful Land of the Sky," and will be prepared to entertain all those in search of health and pleasure the coming

The candidates in Oconce are cooing very gently, if at all. We like modesty, but we suppose the reality is not far off. However, let us be assured of a good crop of husbandry before we have a crop of candidates. In some of the other counties candidates are being announced through the press for the various offices. We reasonably suppose Oconce will not be singular in this respect, and that ere long the Country will contain a goodly number of the "good men and true" for the offices in the gift of the dear people! So come along in good time with your names and V's.

Travelers in making their way to Walhalla, by way of the Stump House Mountain road, complain that it is worst road this side of Franklin, N. C. Sometime ago Col. Robinson, of Franklin, was thrown from his buggy by coming in contact with a very bad place in the same road. As there are not very many porsons to work this road along its line, we suggest that the Town Council of Walhalla or our citizens combine and have this road put in good condition. Much of our trade and travel comes over this road, and it is to the interest of Walhalla that it be kept in good condition.

Some of our citizens complain that the measures taken by the town authorities for the preservation of the health of the place are not enforced; that the lots and yards in some pertions of the town are filthy and will in their present condition endanger the health of the community. The town should be divided into convenient districts and committees appointed to visit the premises of every person in town and see for themselves whether the rules and regulations for preserving the health of the place are enforced. This is done in Greenville and elsewhere and should not be omitted here. One of our physicians should be attached to each one of these committees and their report should be regularly made.

The annual marcon of the Mountaineer Fire Engine Company will take place at the Brewery Park on next Tuesday, the 11th instant. The company will form a line of march at their engine house, and parade through Main Street, preceded by the Dixie Cornet Band, and followed by the engine and | rience a loss. hose reel nicely decorated and the king and queen's wagon, accompanied by a delegation of maids of honor and a detachment of knights on borseback. After arriving at the grounds, the company will proceed to target shooting. The amusements of the day will consist of pole climbing, bag running, foot races, clabbour eating, molasses fishing and the most interesting, a walking match. The band will intersperse music during the day. Delivering the prizes to the best shots and crowning of the queen will take place at 5 o'clock. The public is cordially invited to attend and bring well filled baskets. The annual festival will be closed with a nice soirce at Pieper's Hall, under supervision of the company and the friends of same are respectfully requested to attend.

Railroad combinations are the order of the day. The Columbia Mercury says that Messrs. W. J. Best, R. Y. McAden, Major James Anderson and others passed over the Spartanburg and Asheville and Spartanburg, Union and Columbia Railroads on a special train, for the purpose of inspecting the route thoroughly, and, it is supposed, with the view of purchasing the same. The same party has bought the Western North Carolina Railroad from Salisbury to Asheville. The general offices of the road are to be located

ing.

Notice is hereby given that there will be a meeting of the above Club in the Court House at Walhalla on Saturday, the 8th day of May, at 11 A. M., for the purposing of re-organizing the Club, electing delegates to the County Convention and transacting any other business that may proporly come before the Club. It is carnestly hoped that there will be a general turn out of the members of the Club, as the busines before it will be of great importance to each mem-D. A. SMITH. President.

The Seneca City Democratic Club Are requested to meet at Seneca City on Saturday, the 8th day of May, at 3 o'clock P. M., for the purpose of re-organizing and electing delegates to the County Convention, which will be held on the 15th instant.

B. FRANK SLOAN, President.

The South Union Democratic Club Will meet at South Union on Saturday, the 8th day of May, at 2 o'clock P. M., for reorganization, election of delegates to the County Convention and other important business. Let all come out. J. W. SHELOR, President.

The Fall Creek Democratic Club Is requested to meet at Gibson's Mill on Saturday, the 8th day of May, at 4 o'clock P. M. A full attendance is respectfully requested, as business of importance is to be attended to.

Democrats, look to your interest and turn out. H. A. H. GIBSON, JR , President.

For Re-Election. The Winnsboro News and Herald, one of our best country exchanges, states that it has thus far heard of no opposition to the re-election of State Superintendent of Education, Col. II. S. Thompson. In this the party shows its wisdom. We know of no one in the State better qualified by nature than himself to fulfill the ardnous duties of his office and to popularize the system of public instruction; while his residence at the State capital and the experience acquired by him during the past two terms increase his peculiar fitness for the position. At least one term is required to familiarize one with the duties of the office and the details of the system. In re-electing Superintendent Thompson the State will realize the advantage of skilled labor. We trust he will be nominated by acclamation.

Knights of Honor.

The Grand Lodge of this noble Order met at Sumter last week. Mr. John D. Verner represented Walhalla Ledge. The attendance was unusually large, nearly every lodge in the State being represented. As shown by the report of the Grand Dietator, this Order is becoming popular, and growing rapidly, no less than eleven subordinate lodges having been organized during the past year. The following are the list of officers elected for the ensuing year:

M. A. Carlisle, Grand Dictator.

John S. Hughson, Grand Vice Dictator. J. W. Perrin, Grand Assistant Dictator.

S. Lander, Grand Chaplain.

J. G. Cunningham, Grand Guide.

G. W. Holland, Grand Reporter.

J. T. Robertson, Grand Treasurer. H. Kohn, Grand Guardian.

M. Kophan, Grand Sentinel.

J. R. London, Thos. Raysor, H. S. Williams, Grand Trustees.

G. W. Holland was appointed representative to the Supreme Lodge, with Dr. George Howe, Jr., as alternate.

The following standing committees were appointed by the Grand Dietator.

Committee on Laws and Supervision-L. W. Perrin, J. D. Dunlap and W. B. McDaniel.

Committee on Finance-Thomas S. Moor. man, R. O. Sams and A. Moses.

The next meeting of the Grand Lodge will be held at Yorkville on the 3d Tuesday f April, 1881.

The Supreme Lodge of the Knights of Honor of the United States, composed of and other narcotics, it commends itself in being three delegates from each of the States of the as innocent as efficient. Union will hold their annual Convention in Charleston beginning on the 8th of this month. The Convention will be held in the Grand Lodge room in the Masonie Temple. The importance of this Convention will be understood when it is stated that the Order has \$160,000,000 in insurance upon the lives of its members.

Soncca City Items.

MAY 1, 1880. Seneca takes pride in boasting of her advantages as a local market, but she has not yet demonstrated her prominence to such an extent as to induce the publication of a newspaper. We are compelled to depend upon some other more progressive city or town for a representation in the county.

Our town is building up rapidly. A workshop, storeroom and dwelling are now in process of erection.

Our guano trade has about closed, but a fearful amount has already been sold. If we should have another drought this summer not only the farmers but the guano agents also would expe-

Oats are looking very well. Wheat is not good. The prospect for a crop is by no means encouraging. There is some rust.

Farmers are as far behind with their operations as ever before. This is particularly true of our river farmers.

We had some frost this morning. The fare on the Air Line Railroad has been

reduced from 5 to 43 cents per mile. We believe that all appreciate the progressive spirit of the managers of this Piedment rente. In addition to the reduction of passenger fare and low rates of freight, the company has, as nearly all are aware, employed a land registrar, whose duty is to fully set forth, through the assistance of the Air Line Company, the advantages of the Piedmont country over other sections of this and the foreign world.

We had a very hard rain last night.

We saw some very nice cotton to day large enough to hoe. Most farmers though are not yet done planting. Mr. E. A. Tate, near this place, has some of

the finest wheat we have seen.

Mr. J. E. Lebby has been very sick, but is recovering. Several car loads of corn have been disposed

of here. That is the way the money goes.

The President has vetoed the deficiency bill.

Wagener Democratic Club Meet- Gary on Pistols and Whiskey. The Edgefield Advertiser publishes the following card from Gen. Gary:

OAKLEY PARK, April 18, 1880. MESSRS. EDITORS: I beg leave to state through the columns of your paper, that during my attendance at Aiken Court the use of my name before the Democratic Club of this place as a candidate for delegate to the County Convention was without my knowledge or consent. I am ex-officio a member of the Convention, having served in the memorable campaign of 1876 as Chairman of the County Executive Committee.

I would state further that I have not been nor do I intend to become, a party or partisan of either of the "whiskey license factions" that have divided our town and seemingly our Club. I am satisfied that our next General Assembly ought to pass an act prohibiting the granting of licenses for the sale of liquors at our Court House, where all good citizens are at times compelled to go for the purpose of transacting their business; also a law prohibiting the wearing of concealed weapons. Your obedient servant, M. W. GARY.

The grave of Henry Timred, the poet, in Trinity Church, Columbia, has remained unmarked since his death. An effort is now being made to creet a suitable monument to his memory. Messrs. Walker, Evans & Cogss well have in press a small memorial volume from the pea of Prof. W. J. Rivers. This work will contain two poems and an address on the life and writings of Timred. It has been decided not to sell the book, but to send copies of it to such persons as may be able and probably will be willing to contribute to the purpose in view. Hon. G. S. Bryan, Prof. F. A. Porcher, Prof. J. H. Carlisle and Col. II. S. Thompson have been appointed a committee to distribute the book and erect the monument.

County conventions have been held in Greenville, Abbeville, Marlboco and Edger field. In Greenville the delegates were pledged to Hagood for Governor. In Edgofield Gary elected his delegates. He pledged himself to abide by the result of the Democratic State Convention. Delegates from these counties were instructed to vote against nominations of State officers in June!

The training steamship Atalantis, which sailed from Bermuda three months ago for Liverpool, with eleven officers and three hundred seamen and boys, has not been heard from. It is thought she must have foundered ir one of the terrific gales known to have prevailed after her departure from Bermuda.

MACON, GA., April 29. - The first barrel of Georgia flour was shipped from this city to-day. The wheat was cut in Lee County April 10, four and a half months after it was sown.

CHARLETON, S. C., April 29 .-- Four colored laborers were sufficated here this morning by foul air in a public well which they were cleaning. Three were dead when taken out. The fourth may recover.

The Pickens Sentinel regrets to announce the death of Mr. J. Madison Keith, one of the oldest citizens of that county, at his residence near Pumpkintown.

The Columbia Mercury is reliably informed

A Clement Attachment Cotton Factory is to be creeted on Tinker's Creek in Barnwell county.

WILL YOU BELIEVE IT?-WOMAN'S BEST FRIEND.-To relieve the aching heart of woman and bring joy where sorrow reigned supreme, is a mission before which the smiles of kings dwindle into utter insignificance. This is the peculiar province of Bradfield's Female Regulator, which, from its numberless cures, is appropriately styled "Weman's Best Friend." The distressing complaint known as "whites," and various irregularities of the womb, to which woman is subject, disappear like magic before a single bottle of this wonderful compound. Physicians prescribe it. Prepared by Dr. J. Bradfield, Atlanta, Ga., and sold at \$1.50 per bottle by Norman & Bro.

NOW IN PERFECT HEALTH.

NEAR MARIETTA, GA., March 21, 1870. Some months ago I bought a bottle of Brad-field's Female Regulator, and used it in my family with the utmost satisfaction; recommended it to three other families, and they have found it just what it is recommended The females who have used the Regulator are now in perfect health and able to attend to their household duties. We cordially recommend in to the public.
